The Deputy Commr. Ellyon St

No 82 661 & 29 & 27

Recommends sanction to the
establishment of the Chamarajajayan Trench
M.C.C., approaching of the estimate for
Rs 18.170 for effecting improvement
of water supply to Chamarajajayan Trench
the cost being met in equal proportions
by the Municipal Council and the Govt
Grant due 1927-28

1) Plans for estimate

(i) Sanctioning the estimate for Rs 18.170

(ii) Half the cost to be met from the
Funds of the M.C.C. i.e. Rs 4500
during 1926-27 and the other from
Rs 4500 during 1927-28

(iii) State contribution of Rs 9300/-
during 1927-28 from the Funds
allotted under "Improvement
of water supply to Trenches etc."

2) The previous reference on the subject
was sent to Dehra on 30 12 26.

3) The plans and estimates
said to have been forwarded by the
D.C. Ellyon to the Chief Engineer, may
perhaps be avoided.

Suppl. is Rs 50000-

" Since the budget was framed, the revenue from the hospital seriously declined owing to unexpected drop in revenue and in suitable income in expenditure.

" The next year budget is also affected as the decline in revenue is not temporary.

" In the air it may not be possible to attend a large grant. than Rs 5000 for the next years requirements under the head Hospitals & San.

" The commitments are however very heavy.

" I believe a sum of Rs 2 lakhs would be required for the Foundation Water supply project alone, as the Govt. share.

" As stated in the draft the question of contribution towards heavy work from the Govt. funds will have to be reserved for later consideration.

16

There is a statement prepared for our Committee meeting already made. Please find copy & note of the amounts required for next 3 years from Govt. funds. No funds can be found for this scheme for 2 or 3 years.

I am afraid it will not be possible to find
funds for the Channoy Nagar water supply scheme.
Our commitments are already very high heavy.
The provision (Rs 50000) made in the budget for
water supply is not so far. There is a demand of Rs 2 lakhs
in respect of the Channoy Nagar water supply works which
will have to be faced soon or later.
Our Special Reserve is depleted. Still
the Revenue position shows signs of improvement
further commitments cannot be undertaken.

to be defered for the present for want of funds to meet the Govt grant asked for
9 so no 661 of 22-6 27 from the same officer Requests that the Revenue may be sanctioned as it is very badly required for the Town & State. That the Govt grant may be given in two years viz 1927-8 & the balance in 1929-30

35 It is reported that the work has been taken on hand by the PWD & that the Municipality has been having its share of the balance. will be paid in 1927-8 the Chief Engineer may perhaps be consulted (2-2-27) if ~~any~~ ^{any} ~~proposals~~ ^{proposals} be made in the Revenue with the amount of the most contribution, the Govt should being made available of funds during 1927-8 or 1929-30 Sent for orders with ref to Nos 31 & 32 Supra

27 6 27 36

What is the financial position of the Municipality?

new 20/2

NOTE—Contn. sheet.

Serial
No.

37 The financial position for 27-28
is as noted -

Opening Balance	Rs 9022
Receipts estimate	17382
Expenditure	26,354
Closing Balance Rs	20,180

The closing balance is above
the prescribed limit & the end of
has also got a reserve of Rs 27,197
separately invested. The position
is satisfactory

22/6/27

The Sec's letter of 22 6/27
is subd for perusal and orders
It is not likely that the Govt's grant for
the work can be found conveniently either
in 1927-28 or 28-29. Perhaps this demand
be asked to give Rs 4500/- from the Town
Imp't funds allotted to his District in 1928
and the question of funding the balance from
the water supply funds considered next year -
The work seems to be an urgent necessity

NOTE—Contn sheet.

13 D 6931
Office of the Deputy Commissioner
Mysore District
Dated Mysore 29th March 1927

From

A V Ramana than, Esq , B A
Deputy Commissioner, Mysore District

To

R Ranga Rao, Esq , B A , B L ,
General Secretary to the Government
of Mysore, Bangalore

Subject:- Improvement of Water Supply - Kattelulla and
Chamarajana Nagar

Sir,

I have the honour to state that at the time of the
funding of the Chamarajana Nagar Town, ~~and~~ ^{an} ~~and~~ ^{an} Kattelulla
and a feeder Channel from it had been constructed to feed the
Chamarajana Tank which is the main source of water supply to
the town. ^{It was breached several years ago} An estimate for improving the Chamarajana Tank
was sanctioned in Government Order No ^{R 903-1-57 ml 118-18-22} dated 28.2.20
and is now nearing completion. The Citizens of Chamarajana
prayed in their address to His Highness the Maharaja on the 27th
August 1920 that the Ane may graciously be restored in order to
ensure water supply to the town which has been suffering from
water scarcity for over 3 years which has reached an acute stage
now. His Highness in his reply stated that this along with
the other questions of Suvarnavathi project has already received
the attention of the department concerned. During the visit
of the Dewan to Chamarajana on the 19th January ¹⁹²² the Dewan
ordered that the estimate for this Ane ~~may~~ ^{be} got up expedi-
tiously and the work put ~~in~~ ⁱⁿ hand at once even in anticipation
of sanction, if the Municipal Committee would bear half the cost and
that the other half made available as Government share of the
cost from the grant for Improvement of Water supply to Town
that would be made out of the State Budget of 1927-28. The
Executive Engineer has forwarded an estimate for Rs 18 170, -
which has been agreed to by the Municipal Council of Chamarajana-
nagar. The Municipal Council has also agreed in their meeting
held on 9th March 1927 to bear half the cost and to provide for

for expenditure this year a sum of Rs 4 500/- immediately and the balance of their share in 1927-28, in view of the fact that their Treasury Balance is barely Rs 9,000/- now and it may not be ^{advisable} comissible to exhaust it and as they do not want to realise their investments except when absolutely necessary

2) The ^{Director} of the District Works ^{has} ~~will~~ have to be started and I have therefore, in accordance with the instructions of the Director, intimated the Executive Engineer, Mysore Division to start the ~~work~~ ^{work} subject to the scrutiny of the estimate by the Chief Engineer and sanction by Government of the estimate finally

3) The Plan and Estimate have been forwarded to the Chief Engineer with a copy of this letter. I request that sanction of Government may kindly be obtained for this work and for the grants of half the cost from the State Fund. J 17-20
